SRRING HILL COLLEGE
MOBILE ALABAMA

FOREWORD

TO GILD the onrushing years with sweet memories of Campus Days and to hoard for silvered age the golden hours of college life; to cling as close as scattering Time permits to treasured friends; to make articulate down through speeding years the sound of far-off schoolboy voices and to sense once more in lonesome hours the warm clasp of vanished hands, the radiant glow from loving hearts; to build a Treasure Island of our own where Time stands still and College Days hover ever near;

We, the Editors, have wrought this 1929 Corsair. On its pages, we have striven to mirror life's happy dawn, OUR SCHOOLDAYS, and to enthrone the mystic charm, the magic spirit, of OLD SPRING HILL.

DEDICATION

THE soul-searching test of Time has illumined noble qualities in one of Spring Hill's truest friends: Unfaltering Friendship that clung steadfastly to old Spring Hill through every trial; Whole-souled Generosity that scorned to count the cost; Lofty Vision that opened educational opportunity at Spring Hill to many youths; Humble Self-effacement that shunned the glory of his gifts.

His munificence we can never repay; in feeble measure we can but manifest the deep gratitude that stirs within us. We dedicate, therefore, this 1929 Corsair, as a token of our high esteem, our grateful remembrance to one of the foremost builders of Greater Spring Hill, our Friend,

Mr. Joseph M. Walsh, of Mobile, Ala.

Rev. G. McHardy, S. J. Treasurer

Rev. M. McNally Dean of Studies

The teachers and officers in the College for the most part are members of the Society of Jesus, an order which has, since its foundation, devoted itself to higher education. Throughout the United States it conducts High Schools, Colleges and Universities, and has more than thirty thousand students in its various institutions.

The principles of education followed here at Spring Hill College, which have gained fame and renown for the Jesuits, are founded on the Ratio Studiorum, a body of rules and suggestions drawn up by the outstanding members of the Jesuit Order in 1599, and revised in 1832. The Ratio develops minutely the duties of the different members of the Society who teach.

FR. JAMES E. DEPOTTER, S. J. Professor of Greek and Philosophy

REV. DANIEL M. CRONIN, S. J. Professor of Mathematics

REV. GABRIEL EGANA, S. J. Professor of Spanish

REV. D. P. LAWTON, S. J. Chaplain

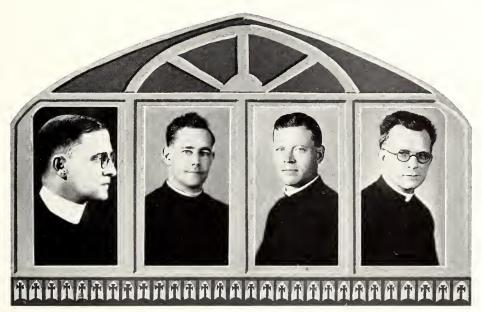

For every subject to be lectured upon, there is a professor assigned, and the complete carrying out of this charge in the most comprehensive manner constitutes his duties as instructor. The chief things with which the Ratio deals are: the discipline to be kept, the matter to be taught, and the methods to be followed. Having the experience of centuries of teaching, the Jesuits are well able to prescribe a course which shall be followed in their various institutions of learning.

Previous to the revision of the Ratio in 1832, only the essentials were taught in practically all the schools. However, the Jesuits inaugurated into their system of education, the teaching of history and geography; which had become quite

Rev. M. J. Kenney, S. J. Senior Philosophy

a necessary subject on account of the discoveries and the various occurrences in all parts of the world. Another thing which added materially to the value of education was the introduction of modern languages into the regular curriculum. Before this change was made, all branches of mathematics, physics, etc., were studied in the original Latin.

In the various Colleges in Europe there was a course arranged in such a manner as to have no high school course at all. The College comprised the secondary work and three years of Rhetoric, making a total of five years requisite for entrance into Universities. On completion of the above mentioned course the student was in a position to attend the

higher institutions of learning and eventually receive his degree.

In 1726 when the Society was suppressed in France, the Rector of the University of Paris translated the Ratio for his "Outline of Studies".

Education, as understood by the Jesuits, is the full development of all the faculties that are characteristic of man, the physical, intellectual, moral. It is not the purpose of the Jesuit system to over burden the student; rather it strives to obtain for him a well-balanced course, from which the scholar can obtain that which is best suited to his faculties, and to the unforeseen difficulties which may arise in life.

High School Faculty

Stress is laid on both mental and moral philosophy for the aid it affords in the development of the mind, as well as for its efficacy in obtaining an unbiased outlook on the world and life.

Armed with such a complete knowledge, the student is capable of entering the great battle with the world; and by unfailing adherence to the tenets taught him, enabled to meet successfully all combatants and to emerge triumphant.

Spring Hill offers its students a complete education. On entering high school a student may continue through college without change of school. However, there is absolute separation of these two departments, each having its own distinctive class rooms, dormitories, study-

High School Faculty

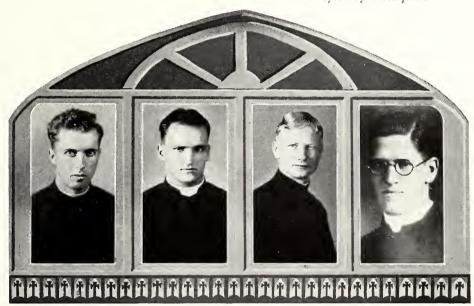

halls, dining rooms, campus and student activities. Moreover there is no overlapping of the faculty, each department having its own officers and teachers.

This plan offers the student a very decided advantage. It secures for his course a uniformity of method which can hardly be had otherwise. It precludes interruptions and set-backs that are all but unavoidable when change of school and teaching is made.

The system does not share the illusion of those who seem to imagine that education, understood as an enriching and stimulating of the intellectual faculties, is merely by itself a morally elevating influence in human life. While

conceding the effects of education in energizing and refining imagination, taste, understanding and the powers of observation, the system always held that knowledge and intellectual development of themselves must be supplemented by thorough moral training in order to produce the well-rounded man. Thus the purpose of Jesuit education is to lay a solid substructure in the whole mind and character for any superstructure of science, professional and special, as well as for the upholding of moral, civil, and religious life.

CLASSES

Eugene Francis Bagot, Jr., A. B. "Gene" Mobile, Ala.

Mendel Club '27, '28, '29.

Gene entered Spring Hill in 1925, after having completed his high school course at McGill's Institute in Mobile. He quickly fitted in with the spirit of the school and during his four years has done much for which praise is due. His scholastic record is one of which he can be justly proud.

We understand that Gene intends to take up law at one of the foremost law schools of the South. He will be sorely missed when next year rolls by. Spring Hill wishes him all success.

EMILE BONNEY CARRIERE, B. S. "Prof." YAZOO CITY, MISS.

Mendel Club '28, '29; Sodality '27, '28, '29; Sanctuary Society '29; Springhillian Staff '26, '27, '28, '29, Art Editor; Mississippi Club '29; Philosophical Society '28, Vice President '29.

"Prof" was born right here in Mobile, on Sept. 28, 1908, but moved to Yazoo City, Miss., some few years later, where he still resides. He finished high school at St. Clara's Academy of the latter city, and was voted the most popular boy in his class.

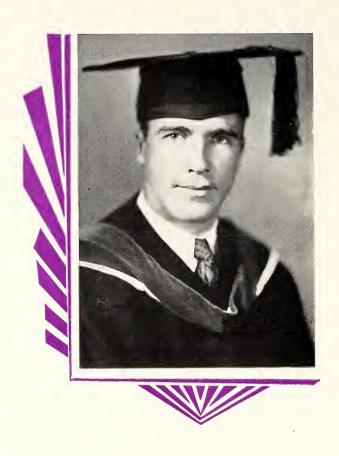

Entering Spring Hill as a freshman in '25 Emile has built a reputation as a scholar during his four years here that is certainly one to be proud of.

He is of a quiet and likeable disposition, and is possessed of a subtle wit which has proved to be of much value.

His talent for drawing has been well exhibited, and he has efficiently filled the office of Art Editor on the Springhillian staff.

Spring Hill will certainly miss Carriere, but we feel confident in saying that success beckons to him, especially in the field of architectural engineering, which course he plans to pursue at Detroit University next Fall. Good-bye and good luck, "Prof", Spring Hill wishes you well.

MICHAEL JOSEPH CASSIDY, B. S. "Mike" MACON, GA.

Mendel Club '26, '27, '28, '29; Sanctuary Society '29; Omicron Sigma '26, '27, '28, '29; Football, Varsity '26, '27, '28, '29; Base Ball Club '26, '27, Varsity '28, '29.

When Mike came to join the ranks of the class of '29 he was already a well known character because of his achievements in high school athletics. Naturally much was expected of him and all our expectations have been more than justified.

We can't help but like this fellow "Mike". His genial disposition and courteous manner won him a place in our hearts from the beginning of his career at Spring Hill.

Besides being very popular with his fellow students at Spring Hill, Mike is also quite prominent socially throughout Mobile.

We hate to see Mike leave but we know there is a place for him to fill and work for him to do, so we heartily recommend him to the world.

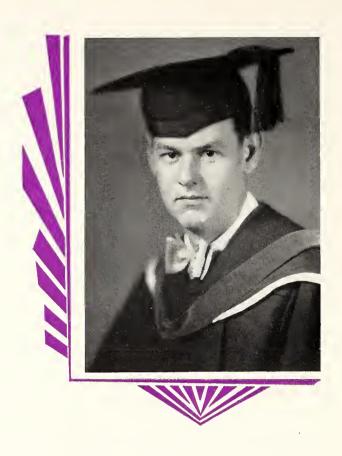

Lawrence Murray Coco, B. S. C. "Pete"

Mansura, La.

Sanctuary Society '29; Sodality '26, '27; Phi Omega '29; Choir '26, '27; Football Squad '26, '27, Varsity '28, '29; Basketball '26.

From Mansura, La., Pete came to us in 1925. With his characteristic zeal he plunged immediately into strenuous work and at the end of four years at Spring Hill emerged conqueror. For the last two years he has been a regular guard on the varsity football team. It took Spring Hill just 99 years to discover Coco, but Pete was worth waiting 99 years for. There was sorrow in the enemy's camp when Pete was found, for he developed into one of the greatest linemen that ever cavorted on a Hillian gridiron. Pete's chief claim to collegiate fame, however, rests not on his athletic record, brilliant though that is, but upon his class room achievements. In addition to being an outstanding athlete and a diligent student, Pete is a loyal and sincere friend and a gentleman at all times. Pete, the class of '29, using your college record as a criterion, predicts for you great success in everything you undertake.

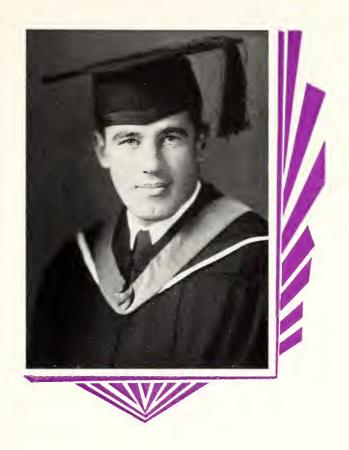

JAMES AVERY DEAN COLE, B. S. C. "Slim"

NACHEZ, MISS.

Mendel Club '26, '27; Sanctuary Society '29, Vice President; Sodality '26, '27, '28, '29; Mississippi Club '29, Secretary; Track '26, '27, '28, '29; Corsair Staff '29, Business Manager; Philosophical Society '28, President '29.

It may well be said of "Slim" that for an all around good fellow one would have to look far to find his equal. He possesses a winning smile that is wonderful to see and a happy disposition that has made many friends for him at Spring Hill.

His interests here have been many and varied. He has taken a leading part in many of the clubs and societies. He is a good student who will be missed next year. Business beckons to him and we wish him every success in life.

John Augustine Cronin, B. S. C. "Jack"

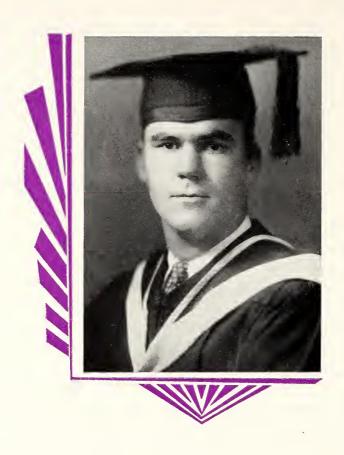

LAWRENCE, MASSACHUSETTS

Mendel Club '26, '27; Poetry Society '26, '27, Vice President '28, President '29; Short Story Society '27, '28, Vice President '29; Omicron Sigma '26, '27, Chancellor '28, Chancellor '29; Student Council '28, '29, President; Portier Literary Society '28, '29; Springhillian Staff '27, '28, Literary Editor '29, Poetry Editor; Philosophical Society '28, '29; Varsity Football '26, '27, '28, '29.

Jack hails from Lawrence, Mass., and has been at Spring Hill since his Freshman year. To the outsider, Jack is probably best known for his athletic ability. He has been a regular on the Varsity Football team for four years and it is to his brilliant interference that Spring Hill owes many of her victories. But to those of us who have had the opportunity of really knowing him, it is clear that Jack holds scholastic duties first. Jack has considered school work not as a preparation for life, but as life itself. To the above qualifications, one must add that he has always been among the most popular men on the campus.

We understand that he is going into the textile industry. Well, Jack, you have our best wishes and may you some day own the "Cronin Textile Mills."

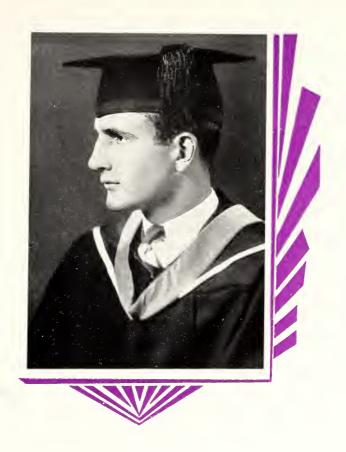

John Gerard Curren, A. B. "Philpot", "Big Badger"

Football Squad '26, '27, '28; Sanctuary Society, President '29; Mendel '28; Baseball Club '27, '28; Portier Literary Society '26, '27, '28, President '29; Omicron Sigma '26, '27, '28, '29, Treasurer and Chancellor; Class Vice President '29; Class Treasurer '28

In his four years at Spring Hill, Johnny has identified himself as one of the most popular and prominent figures on the campus. There is hardly an organization of which he is not a member.

Johnny deserves credit and praise for his work on the diamond. Had it not been for his sickness this spring we are sure the Big-Badger would have been a star hurler for Spring Hill.

Johnny's oratorical achievements argue well for his career as a lawyer. The best of luck to you, Johnny. May we one day hail you as "Judge Curren of the Supreme Court."

MILTON ALOYSIUS DELMAS, B. S. C. "Milt"

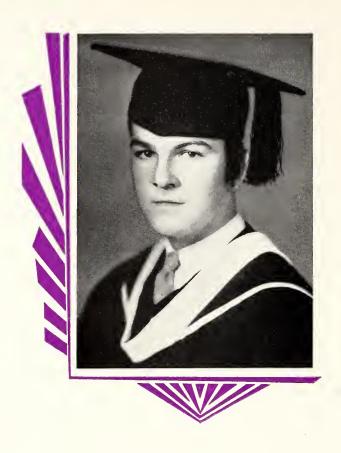

Moss Point, Miss.

Mendel Club '26, '27; Sanctuary Society '29; Sodality '27, '28; Choir '26, '27, '28; '29; Football Squad '26, Varsity '27, '28, '29; Base Ball '26, 27, '28, '29; Basket Ball '27, '28; Mississippi Club, Vice President '29.

Milt is one of Spring Hill's outstanding scholar athletes. He is literally and figuratively one of our biggest men. As an athlete he has ably represented the Purple and White on the gridiron, on the basketball court and on the diamond. As a student he stands among the best and in him we find a happy combination of these two fields of collegiate pursuit.

Milt has won a place in the respect of his many friends by his cheerful, friendly interest in every Spring Hill activity. Whatever he decides to do in life we know that he will win success in his chosen career.

GERARD JOSEPH DUCOTE, A. B. "Jerry" COTTONPORT, LA.

Mendel Club '26, '27, '28, '29, Secretary '29; Poetry Society, Secretary '26, '27, Treasurer '28, '29; Short Story Society '27, '28, Secretary '29; Sodality Consultor '26, '27, '28, '29; Springhillian Associate Editor '27, '28, '29; Philosophical Society '29; Sanctuary Society '29.

Gerard was born in Cottonport, La., on Nov. 13, 1909. On completion of his preparatory studies in that town, he enrolled in Spring Hill College as a member of the Freshman Class of 1925. Quiet and unobtrusive by nature, never an exponent of verbosity, Gerard was endowed with a brilliant mind but was so modestly reticent that his many superior qualifications became known rather slowly. Quiet and reserved as a Freshman, Ducote came forth as an upper-classman and in later years of his college life displayed his inherent cleverness in many scholastic, literary and social activities,

WILLIAM KENNEDY MASON DUKATE, B. S. "Bill" BILONI, MISS

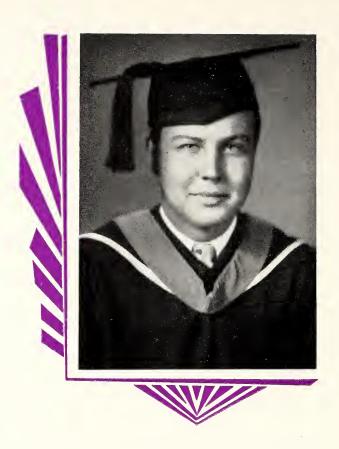

Mendel Club '26, '27, '28, '29; Sodality '26, '27, '28, '29; Football Squad, '28, '29; Springhillian Staff '28; Sanctuary Society '29; Philosophical Society '29; Base Ball Club '28; Mississippi Club '29.

Bill took the honors when he finished at Biloxí High; now he's taking them again as he graduates from Spring Hill. Once you really know Bill, it is very difficult not to like him. He is never noisy or boisterous, but has that quiet reserve that marks the scholar and gentleman.

Scholar and gentleman! Bill is both! It is impossible to live in intimate association with a fellow for four years and not know exactly what he is—and to date we have found not a particle of evidence gainsaying the statement that Bill is a true gentleman and an industrious scholar. In his scholastic work he has always been among the highest.

And so, Bill, it is with the deepest regret that we see you leave us and you have our best wishes for success in whatever you undertake.

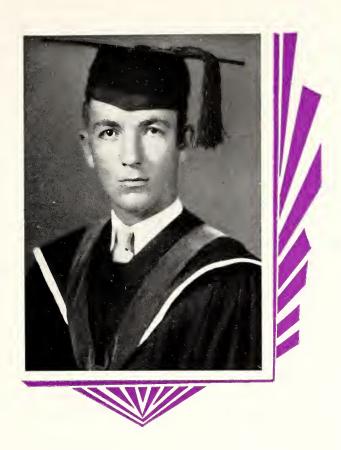

HARRY TAYLOR FLEDDERMAN, B. S. "Eagle-eye" HAVANA, CUBA

Mendel Club '26, '27; Sanctuary Society '29; Portier Literary Society '26, '27, '28, '29; Springhillian Staff '27, '28, '29, Sports Editor.

Harry arrived at the Hill four years ago and at once proceeded to make himself one of the outstanding figures of the college. With his brilliant and energetic mind he became a leader in scholastic work while his good nature and genial manner gained for him a host of friends. Harry is especially talented in the field of mathematics and science, and therefore intends studying engineering at one of the larger universities.

Wherever he goes, so gifted a boy cannot fail to make of himself a shining success. Spring Hill wishes you "Bon Voyage", Harry.

CHARLES L. GAMBEL, B. S. "Charlie" NEW ORLEANS, LA.

Mendel Club '26, '27, '28, '29; Poetry Society '29; Sodality '26, '27, '28, '29; Philosophical Society '29; Omicron Sigma '26, '27, '28, '29; Sanctuary Society 29.

This is Gambel. Charlie is well known on the campus, having spent seven years of his life here. He came as a boy in knickerbockers to Spring Hill, entering the high school department and graduating into the college three years later. Charlie was born March 23, 1909, on a plantation near Baton Rouge and afterwards moved to New Orleans. His grammar school days were spent at the Sacred Heart school in the latter city and his early high school days at the Jesuits' high school.

Charlie's salient qualities are his unfailing sense of fun and his loyalty to his alma mater. He is one who, when everyone else has exhausted the subject under consideration, always finds an unexplored angle of it. With his quick wit, even though he possessed none of his other fine qualities, he should be able to outstrip the other fellow. Good Luck, Charlie!

LEON BLUME GREMILLION, JR., B. S. C. "Gremmy"

Mendel Club '26, '27, '28, '29; Choir '28, '29; Sodality, 27, '28, Secretary '29; Sanctuary '29; Football '26; Corsair '28, Business Manager, '29, Editor in Chief; Springhillian '26, '27, '28, '29, Business Manager.

Blume was born in Alexandria, La., on July 1, 1907. "Gremmy" entered the Freshman class of Spring Hill in 1925 and from that moment on he distinguished himself in both scholastic work and school activities. During his four years he has been the mainstay of the several publications of the school as business manager. In these publications he has proven his worth as a business man. Blume, a hard worker, has been among the leaders of his class for the entire four years. He is popular and well liked on the campus and we will all miss him.

Good-bye, "Gremmy", Spring Hill wishes you Health, Wealth and Happiness.

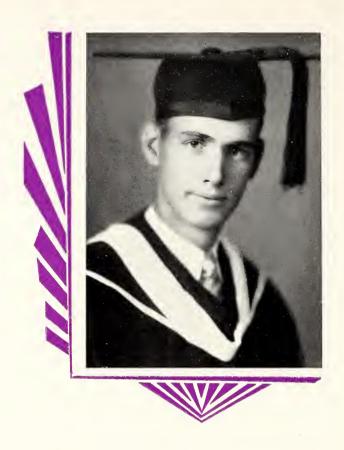

Sidney Leftwich Hargrove, B. S. C. "Sid" Mobile, Ala.

Another Mobilian in the class of '29 is Sid Hargrove. "Sid' had his high school training at Barton Academy. He entered Spring Hill in 1925 and since that time has been striving hard for the good of his school. During his stay at Spring Hill he has made many friends who will regret his leaving.

Sid has made it known that he intends to enter the business world. A man like Sid will be hard to keep down, and we will watch his progress with the utmost interest.

WILLIAM GARDNER HEWES, A. B. "Judge", "Lawyer" Gulfport, Miss.

Senior President '29; Mendel Club '27, '28, President '29; Sodality '27, '28, President '29; Sanctuary Society '29; Mississippi Club, President '29; Portier Literary Society '26, '27, '28, '29; Springhillian Staff '26, '27, Reporter '28, Contributing Editor '29.

Meet William G., better known as just Bill. The name known to all Springhillians stands for a certain lad who was born in the thriving city of Gulfport, Miss. Bill went to high school there at the Gulfport high, and made his appearance as a Freshman in '25.

Since then Bill has made a name for himself, chiefly as a hard worker with a silver tongue and an appetite for argument. His official election as Senior President shows just what was thought of him.

Bill will be known for his quiet wit and ability as a speaker and with this in view, we predict great things if he follows the legal line.

RAYMOND EARLE KENNEDY, B. S. C. "Ole Man", "Ray", "Yankee" LAWRENCE, MASSACHUSETTS

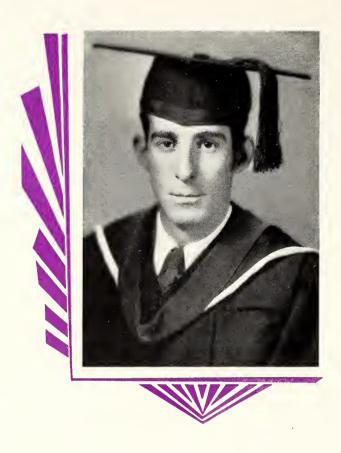

Poetry Society '28, Sccretary '29; Football, Varsity '26, '27, '28, Alt. Captain '29; Omicron Sigma; Student Council '27, Secretary '28, Vice President '29; Portier Literary Society '27, Secretary '28, Vice President '29; Sodality '27, '28, '29, Vice President Freshman Class, Vice President; Sophomore Class, President; Junior President; Senior Secretary and Treasurer; Sanctuary '29.

Ray came a long way from Lawrence, Massachusetts to the Hill in '25, and since his arrival has surely made a name for himself. He has played football during his four years, and will be remembered by all who witnessed his playing, as a star on the gridiron.

Ray has also triumphed in other fields for he has proven to be an actor of much ability and also an orator. He won the elocution medal in his Sophomorc year.

In short, Ray's winning smile will open the doors of success wherever he goes as he was born to be liked, and as far as a good future is concerned, we hold no fears for Ray.

Joseph Henry Martin, B. S. C. "Red"

CLARKSVILLE, TENN.

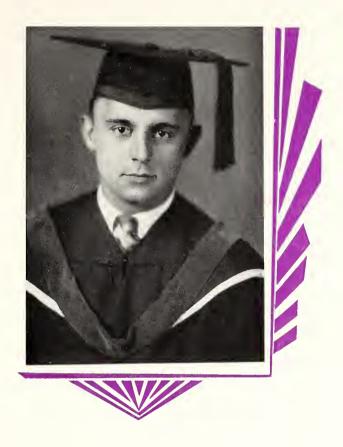

Mendel '26, '27; Choir '26, '27, '28, Secretary '29; Sodality '26, '27, '28, '29, Sanctuary Society, Secretary '29; Portier Literary Society '26, '27, '28, Secretary '29; Cheer Leader '26, '27, '28, '29; Springhillian Staff '27, Advertising Manager.

In 1925 a small, unpretentious youth, having just graduated from Clarksville High in that well known metropolis of the Big Ben State, entered the portals of Spring Hill in quest of knowledge. In this as well as in making many friends he has succeeded and four years from that memorable day in '25 he leaves a place reserved for him in the hearts and memories of his many friends.

In his Sophomore year "Red" aspired to the position of cheerleader and has ever since held that banner position in a manner which has set the ideal for his successors in years to come. On account of his undying spirit of "do or die", many victories for the Hill can trace their cause to the strained voice of "Red" pleading with his cheering section for support.

Not limited to the gridiron, his abilities have been recognized and appreciated in academies and theatricals and in other activities too numerous to relate. Spring Hill has profited by your presence, Red, and sincerely wishes that you may succeed greatly in years to come.

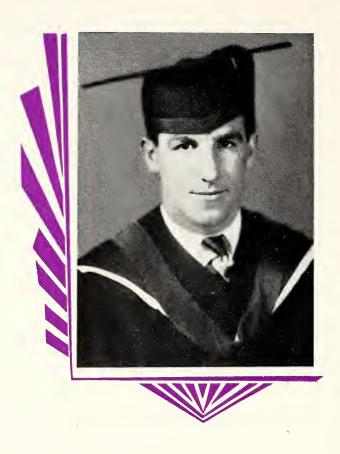

Stephen Joseph Petrovits, B. S. "Pierpont", "Steve" Torrington, Conn.

Mendel Club '26, '27, '28, '29; Sanctuary Society '29; Choir '27, '28, '29; Poetry Society '27; Base Ball, Varsity '26, '27, '28, '29; Football Squad '26, '27, '28, Varsity '29.

Steve hails from the busy city of Torrington, Conn. and has been busy since the day he matriculated in College. After playing left field in his freshman year, Steve held down the hot corner for three seasons of varsity baseball. Steve's athletic ability however, was not limited to the diamond. After three years of hard work on the gridiron, Steve won a full-back position in the Badger's "pony backfield", and merited an "S".

"Pierpont" has become famous for his jokes and whenever they would not interfere with classes and athletics, we could always expect to get a good laugh from him.

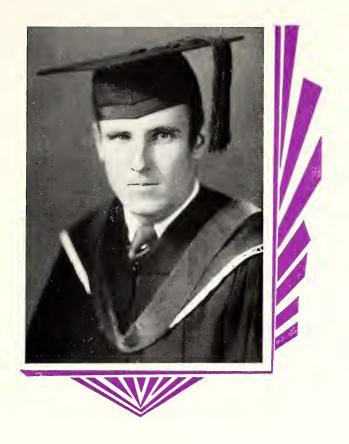

Frederick Earl Roach, B. S. "Cocky" Jackson, Tenn.

Mendel Club '29; Choir '28; Football Squad '26, Varsity '27, '28, '29; Basket Ball '26, '27, Captain '28; Omicron Sigma '26, '27, '28, '29; Base Ball Club '26, Varsity '27, '28, Captain '29; Sodality '28, '29; Sanctuary Society '29; Junior Class Vice President; Freshman Basket Ball Coach.

A young fellow, really small in stature, with a big smile and a wonderful sense of humor, came tripping down the road in September, 1925. Walking into the office he dropped his baggage to the floor, took a look around, and then with that rare smile of his announced to the one in charge, "Tm Fred Roach from Jackson, Tenn." Thus "Cocky" came to be a Springhillian. In his four years here at Alma Mater he has held a high place in favor with both the faculty and students. A good student, a three-letter man, the diminutive Roach rapidly came to the front. A crack quarter-back in football, a stellar forward in basketball and a star shortstop in baseball: these are but a few of his laurels. He has the qualities necessary for success and it is with best wishes for all success, Cocky, that we bid you a sad farewell.

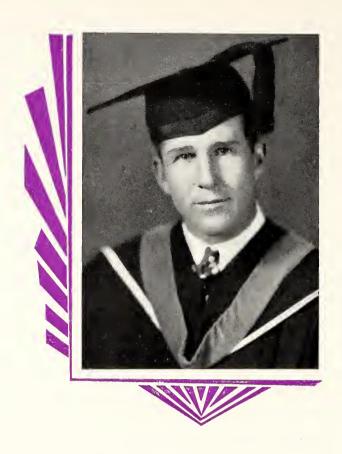

Albert Anthony Rice, B. S. "Al"Augusta, Ga.

Mendel Club '26, '27, '28, '29; Omicron Sigma '26, '27, '28, '29; Football Squad '26, '27, '28, Varsity '29; Sanctuary Society '29; Base Ball Club '26; Sodality '26, '27, 28, '29; Track '26, '27, '28, '29; Boxing '29.

This popular Springhillian is one of our demon football artists who have made names for themselves on the gridiron. He has been represented in most of the collegiate activities during his four years at the Hill. Al is a cheerful, friendly and likeable fellow whom we have all come to admire. It is no prophecy to say that he will rise to great heights in the world.

Al has successfully passed the Army Air Corps physical exams and this summer will find him reporting as a flying cadet to Brooks Field, Texas, for the primary pilot instruction at the famous school which produced a Lindbergh. We wish him the lest of luck and hope that he will win his Wings and his Commission.

JEROME LUKEMAN RYAN, B. S. C. "Jerry"

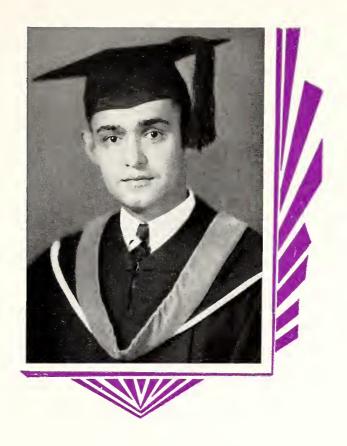

FRANKLIN, ILLINOIS

Omicron Sigma '26, '27, '28, '29; Sodality '27, '28, '29; Base Ball Club '27, '28, '29; Football Squad '27, Varsity '28, '29; Sanctuary Society '29.

Jerry entered Spring Hill in the fall of '26 as a sophomore, having completed his Freshman year at Illinois College. He played all three sports, and was very active in many societies. He was quick to catch the witty side of every remark, which fact was witnessed by a peal of laughter resounding throughout the halls . By his congenial nature and personality he won for himself many friends.

We understand Jerry will be connected with the Firestone Tire and Rubber Co. Good Luck! You carry with you every wish for success.

Max Harry Schwarz, B. S. C. "Max" MOBILE, ALA.

Another native Mobilian of the class of '29 is Max H. Academy and wishing to pursue a higher education from Barton Academy and wishing to pursue a higher education entered Spring Hill. Throughout the four years of his college career, Max has indeed proved himself a student. Although a quiet and unassuming fellow, Max has always been willing to do his share toward the betterment of any campus activity.

We hear that Max intends entering the commercial world, and we know that he will be as successful in this endeavor as he was in school.

Spring Hill wishes you every success, Max.

EDWARD DAY STEWART, A. B. ``Ed"

MAGNOLIA, MISS.

Mendel Club, Secretary '26, '27, '28, Vice President '29; Poetry Society, Secretary '26, Censor '27, Secretary '28, Vice President, '29; Short Story Society, Secretary '27, '28, President '29; Portier Literary Society '26, '27, Censor '28, '29; Sodality Consultor '26, '27, Secretary '28, '29; Springhillian Staff Poetry Editor '27, Associate Editor '28, Editor in Chief '29; Philosophical Society, Secretary '28, '29; Sanctuary Society '29; Mississippi Club '29.

E. Day this year completes his fourth year of attendance at the College, uninterrupted save for a brief sojourn at Annapolis in his Sophomore year.

E. Day hails from Mississippi, having been born in that state on Feb. 21, 1909. He lives at present in the town of Mag-

In his time he has belonged to almost every worthwhile organization in the College, and his reception everywhere has been the same.

One of the most even-tempered of fellows, his patience combined with his quickness of mind, should advance him rapidly in whatever field he chooses to enter.

LeRoy George Wilson, B. S. "Shorty"

LeRoy eame to Spring Hill three years ago from Alexandria in "the heart of Louisiana". After trying out several eolleges in his freshman year, he finally found the one that he had been looking for and proceeded to settle down. During his lengthy sojourn at the Hill "Shorty" won a deep place in the hearts of all his classmates by his never failing good humor and his willingness to help a friend in need. Though not an athletic star he was one of the most popular boys on the eampus. His smiling face and cheery voice will be sorely missed next year.

LeRoy is the sort of boy who will make a success in the world, and certainly if the good wishes of friends can aid him he will go far.

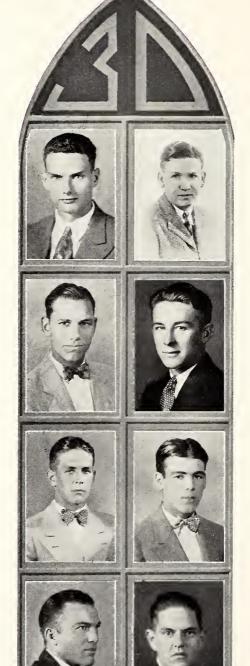

REV. MICHAEL KENNEY, S. J. Professor, Senior Philosophy (Extract from "Who's Who In America")

Rev. Michael Kenney, A. B., A. M., Ph.D., Educator: Born Tipperary, Ireland, June 28, 1863; Son of Dermot Shelly and Kathleen (Maders) K.: Educated at Crescent College, Mungret College, Royal Irish U., A. B., A. M.; philosophy at Mungret and St. Charles college, Louisiana; theology in Dublin; sociology, Ghent, Belgium and Fordham U., N. Y., Ph.D. Came to U. S. 1886, naturalized citizen 1892. Joined Soc. of Jesus 1886; ordained priest Roman Catholic Church 1897; taught literature, philosophy, and social science at Spring Hill College, Alabama, Loyola University, New Orleans, Creighton University, Omaha, and lectured extensively; moved to N. Y. City, 1900, as a founder of "America" (Roman Catholic weekly), and associate editor of same until 1915; regent Loyola University Law School, prof. Jurisprudence, legal ethics, sociology, 1915-24. Director of Louisiana Commission for the Blind. Member Irish-American Historical Society. (v. p. for La.) National Society for Education of Juvenile Delinquents (v. p. for La.). Author of: Lourdes and Its Miracles; American Masonry; The People's Pope; Justice to Mexico; Ireland's Case, 1926; American Masonry and Catholic Education; The Mexican Crisis-Its Causes and Consquences, 1927. Contributor to Catholic Ency., Ency. of Universal Knowledge, etc. Address: Spring Hill College, Mobile County, Mobile, Ala.

Another Step to the Greater Spring Hill

The Corsair Staff takes this occasion of greeting the new director of athletics, Mike Donahue, one of America's most celebrated coaches. The staff believes that the advent of Mike Donahue on the Spring Hill campus marks another step forward toward a greater Spring Hill.

Mike is universally recognized as one of the Southland's outstanding coaches. His record of the past 20 odd years is indeed an impressive one. Mike graduated from Yale where he was a *four letter* man in the class of 1904, and took up his duties in that year at Auburn as head coach. Incidentally upon his first appearance at Auburn he was strangely enough mistaken for a "Rat" on account of his diminutive size. With Mike as head coach, Auburn began climbing up among the leaders of Southern football. In 1908 it captured the Southern Conference Championship and repeated in 1914, 1915, 1916, and 1917. In 1917 Auburn beat Ohio State, Western Conference Champions, who earlier in the season had beaten Yale and the Army. In 1914 Auburn defeated the Carlisle Indians when the Indians were enjoying the greatest year in their great history. In that year, the Redskins trampled over practically every major team in the East. It was a case of Glen Warner, against Mike Donahue and Mike won.

The number of Mike's protegees who have won berths on all-American and all-Southern teams is exceptionally impressive. There are few coaches in the United States today who can point to a record as brilliant as the one already made by the new director of Spring Hill College Athletics.

Mike is noted all over the Southland for his winning personality. He is today one of the best liked coaches in the South. His friends are legion, and they are everywhere.

It looks to the Corsair Staff as though a new era is about to begin in Spring Hill College athletics.

ATHLETICS

VARSITY FOOTBALL

W. T. Daly,

REV. R. T. BRYANT, S. J. Faculty Director of Athletics

The 1928 Spring Hill football season is a thing of the past but the fighting spirit of a crippled team, outweighed in practically every game of the year, will live long in the memory of true purple and white supporters. The past season may appear to one not versed in gridiron lore as a decided failure, but to a close observer it was a distinct success. The success was not due to the victories chalked down in the win column, but to the manner in which these Hillian warriors played the game, rising to new heights in thrilling battles with traditional foes and crashing into glorious defeat before the relentless attack of a powerful opponent. Facing the hardest schedule ever to be arranged for a Spring Hill eleven the Dalymen played consistently well throughout the season, but lack of reserve strength and the extreme lightness of the entire squad were obstacles that the varsity footballers, try as they might, could not overcome.

With the first call for candidates, sounded several weeks before the formal opening of the school year, Coach Daly transported his brood of gridiron aspirants to a training camp across the bay and instituted a strenuous group of practice drills in order that his purple and white cohorts might be in perfect trim for their stiff schedule. With nine regular varsity gridders as a nucleus around which to build a machine capable of conquering the best elevens in the conference, Hillian backers prophesized a glorious season for the Spring Hill team. Their hopes were dashed, however, as the season began and varsity regulars, one by one, were forced to vacate their regular posts because of injuries received in action.

The first contest of the season opened with the Badgers enroute to Birmingham to engage the powerful Howard Bulldog eleven in the initial night gridiron encounter in the history of southern collegiate football. Smarting under the severe trouncing administered them the previous year by the Magic City footballers, the Hillians displayed a smashing style of play that the upstaters

Mr. Dennis A. Curren, S. J., Faculty Direc:or of Freshman Athletics

Jos. Pardo, Manager

VARSITY FOOTBALL

Fred Roach, Baseball Captain

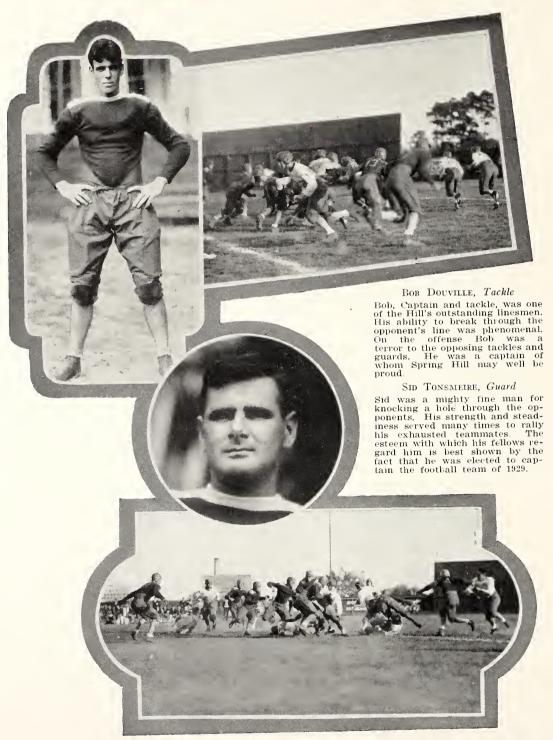

ROBT. R. DOUVILLE, Football Captain

were unable to cope with,-the Dalymen walking off with a 12-7 decision. The Howard encounter was costly to the Badgers, however, inasmuch as a number of the varsity regulars were injured and were unfit for service in the battle with the Mississippi College Choctaw eleven the following week. Try as they might the Hillians were unable to cross their opponents goal line and were forced to bow before the brilliant attack of the Mississippians to the tune of a 15-0 tally. Exhibiting their talent and ability before the student body and Mobile fans for the first time during the 1928 season but weighed down by the loss of several regulars, the Hillians were defeated by the Millsaps College invaders in a heart-breaking contest, by a 6-0 score. The following week, in the same disabled state, the Dalymen were forced to bow in a one-touchdown defeat before the attack of the Southwestern Institute gridmen. In a much improved condition the Hillians journeyed to Baton Rouge to encounter the Louisiana State University Bengals in the initial engagement of the season with an S. I. C. opponent. Displaying a determined defense and a powerful overhead attack the Hillians fought their more renowned opponents to a standstill during the first half of the game, but superior reserve strength soon wore down the Hillian defense and the Tigers administered a 30-6 defeat to the Dalymen. Crippled though they were in the following game the Badgers exhibited an aerial and ground attack that the Union University footballers were unable to cope with and the purple and white gridders pounded out a 26-6 victory over their traditional rivals. Doped to lose by an overwhelming score in the contest with the Birmingham-Southern gridmen, the Hillians continued their impressive showing and held the heavy Magic City footballers to an 0-0 tie. In the final game of the season with the Loyola University Wolves, a team which was barely defeated by the world renowned Notre Dame eleven, the Hillians exhibited a spirit and fight that forced their rivals to exert every possible effort to pound out a victory.

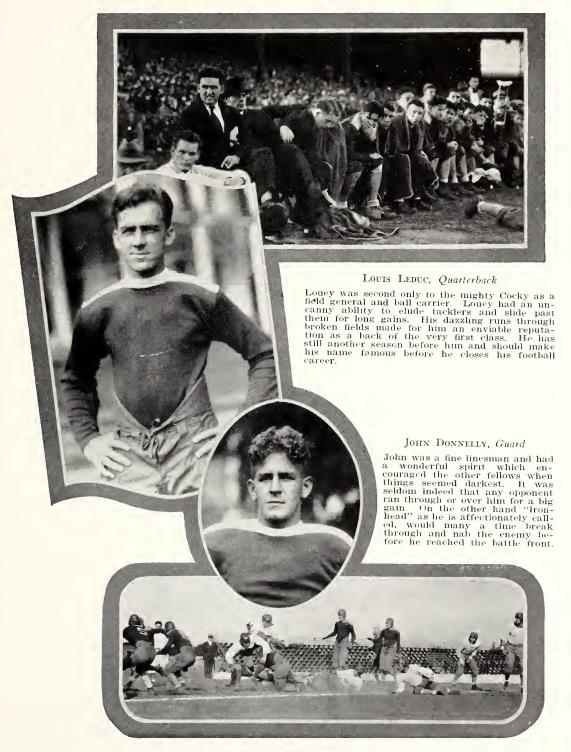

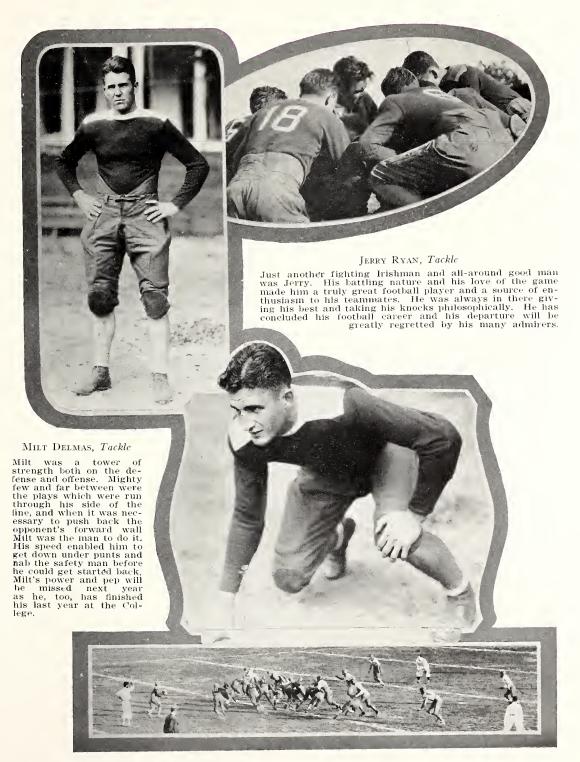

BILL MURRAY, Halfback

Bill was a splendid little back. He was possessed of lightning speed and deception and he was unusually skillful at rounding the ends and dodging through tackle. His uncanny skill in throwing and receiving the pigskin made him a leader in the aerial attack and a constant threat to Spring Hill's opponents. Bill has two more years ahead of him and should make a great name for himself before he puts away his uniform for the last time.

FRESHMAN FOOTBALL

If ever a college athletic team on this great, green earth of ours is expected to bring home the proverbial bacon for their Alma Mater, it's this year's frosh eleven who will be the nucleus for next year's fighting varsity Badgers. And when the fall of 1929 rolls around these same yearlings, as they trot out on the field of battle resplendent for the first time as varsity men in jerseys of purple and white, and carrying on their sturdy shoulders the honor and distinction of representing old Spring Hill in the Centennial year of the school's existence, these young athletes will know that up in the grandstands will be the grads of by-gone days, members of the faculties of vestervear, friends, benefactors, and sup-

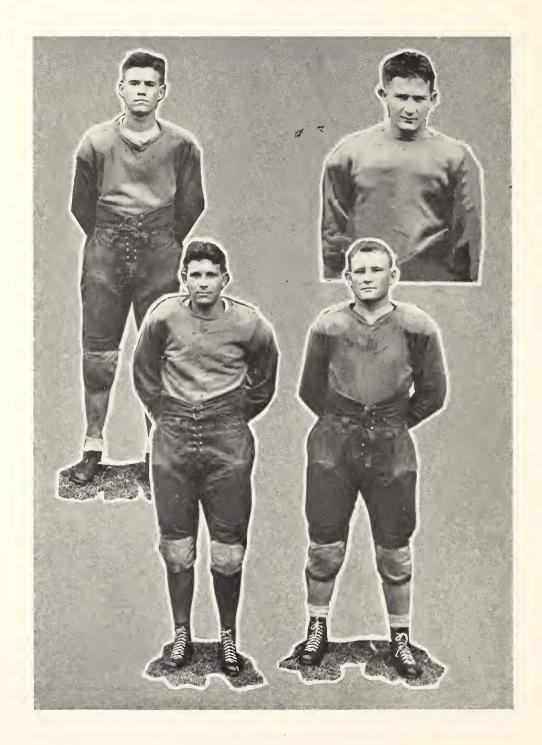

Fred Pickhard, Freshman Coach

porters, both past and present, all assembled there watching and expecting them to do just one thing—conquer for the Hill. And with the conquest will come the glorious start, the energizing impetus, given by the men of Spring Hill for the proper celebration of Spring Hill's hundredth mile-stone in the field of education.

Men of the freshman football squad, the Corsair would speak to you these words: "Your past season on the gridiron is one that your Alma Mater might well be proud of. Whether in victory or in defeat you proved yourselves fine sports, clean players, hard fighters, truly worthy to don the Badger uniform. Next fall you are jumping the hurdle that will land you in the midst of real college football. No one need tell you that on the other side of that hurdle to 'big-league' football you will find plenty of 'tough nuts' to crack. But we believe, the student body believes, and the faculty believes that your team next year is capable of putting the 'steam-roller act' on every foe you meet. We know that you are made out of the old Spring Hill "ginger" and will help us make the century year a real jubilee. More power to you, frosh, good luck and goodbye until next fall.'

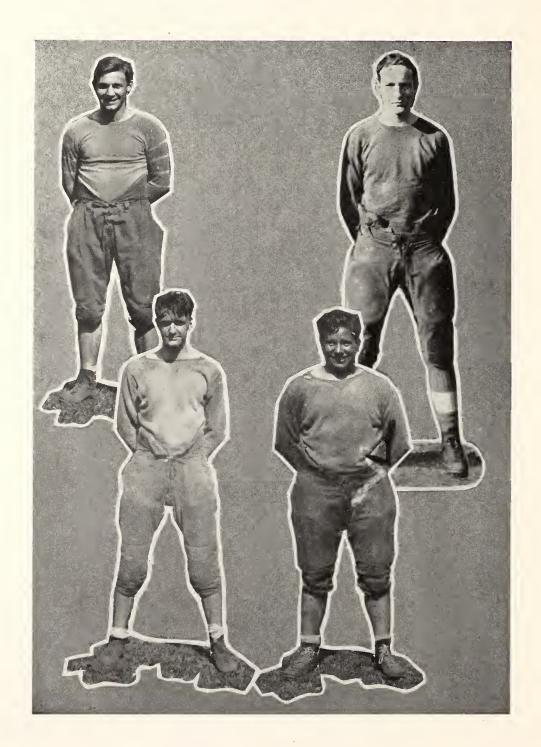

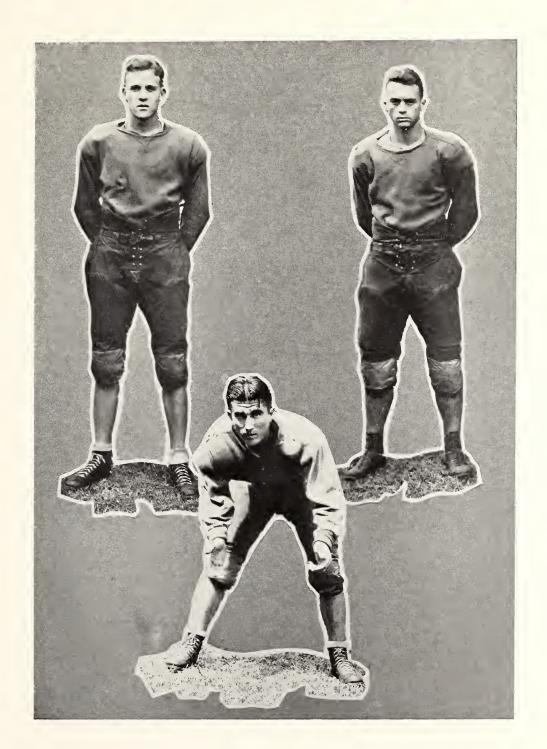

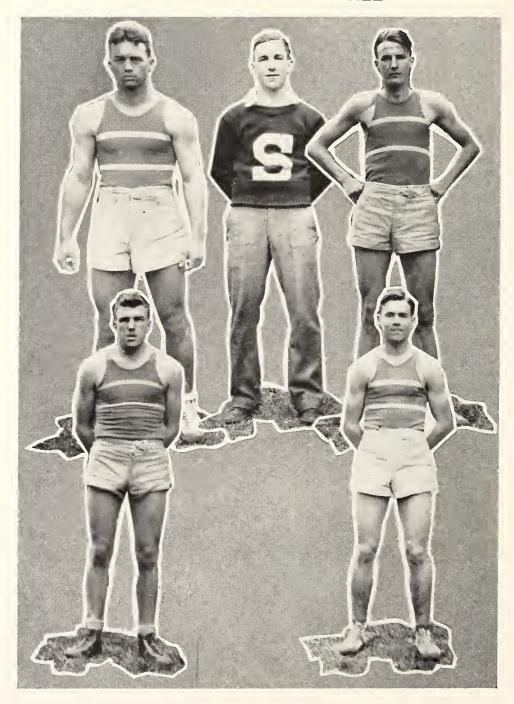

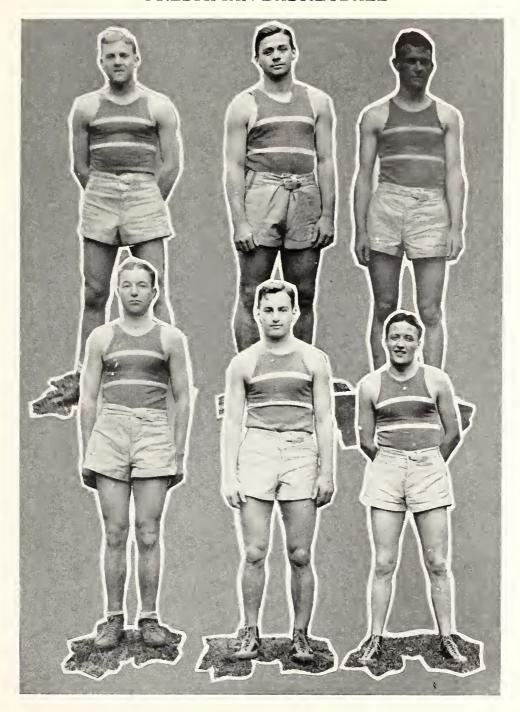

FRESHMAN BASKETBALL

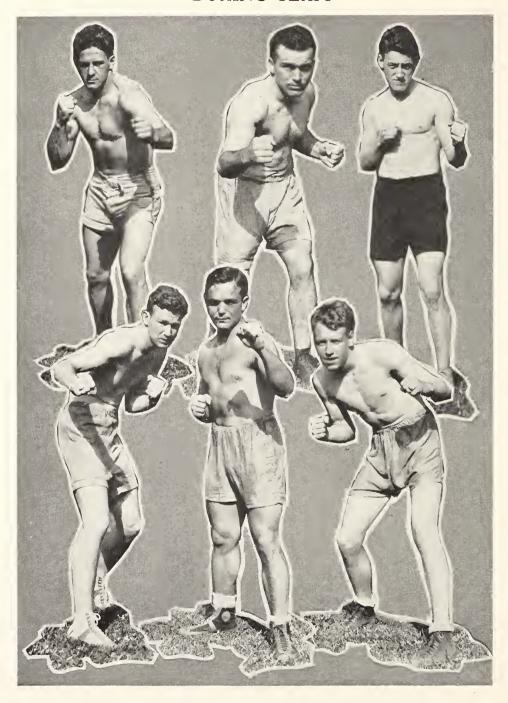

FRESHMAN BASKETBALL

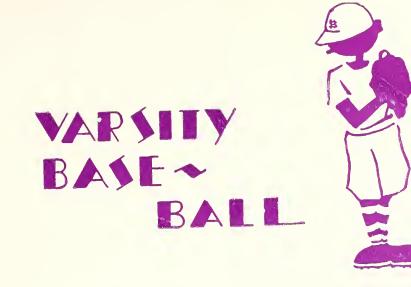

BOXING TEAM

VARSITY BASEBALL

The 1929 baseball season was a highly successful one for the Varsity nine. In the contests played the Hill boys garnered six victories out of eight games for a total season percentage of .750. The teams with which the Badgers engaged were rated as among the strongest baseball combinations in this section. A short resume of the games follows:

SPRING HILL 7; BIRMINGHAM-SOUTHERN 4

In the first game of the collegiate season the Varsity got off to a fine start, winning behind the superb pitching of Bob Douville. Although the Hillians contributed not a few errors, they counteracted these with hardy bingles to the gross number of ten. McCarthy, husky warden of the right garden, lifted a home run over the left field fence with three men on bases in the seventh inning to clinch the conflict for his teanmates.

BIRMINGHAM-SOUTHERN 11; SPRING HILL 6

Spring Hill was trounced in the second game with the Magic City nine. Three Hill moundsmen were unable to cope with the Panther batsmen who pounded the Badger offerings for a total of 12 safe hits. Errors characterized the entire game, the Hill men making 6 and the upstaters 5. "Cocky" Roach, captain and shortstop of this year's club, slammed out two triples and a single out of five times up.

SPRING HILL 9; HOWARD 0

The Badgers copped the opener of the Howard series, uncorking a terrific batting attack to pile up twelve hits, while Douville let the Birmingham boys down with but two bingles. Errorless fielding on the part of the Dalymen played no small part in their victory. Delmas, hefty first sacker, poled out three safe hits, one a home run, out of five trips to the plate, to take batting honors for the day. McCarthy cut another notch in his list of homers by smacking out a four-base clout in the initial frame scoring two men ahead of him.

SPRING HILL 12: HOWARD 6

The second contest was abbreviated to six innings because of rain, but not before the Hillians had crossed the plate 12 times. McCarthy, in addition to acting as hurler, cracked out his third home run of the current season. Murray and Roach also put the ball over the fence.

MILLSAPS 6; SPRING HILL 5

Over-confidence probably lost the game to Millsaps, for the latter team was doped by local fans to loce by a large margin. Errors amounting to seven made the Majors a present of quite a few of their runs. Douville pitched air-tight ball for seven innings, but in the eighth weakened to the tune of six hits. Hitting reached a low ebb in this encounter, Delmas and McCarthy being high men with a double and single each.

SPRING HILL 10; MILLSAPS 9

Glover, a rookie hurler, went the route for the Hillians in the second Major fray, and pitched creditable ball. In the fifth frame the Badgers pushed over six runs on three long hard bingles and a trio of bases on balls. The Millsaps nine, however, almost overcame this long lead in the last innings, but fell short of tying the score by one run. Murray, speedy sophomore outfielder, connected with three hits out of four times at bat, a triple, double and a single, and also displayed a neat brand of field work in the outer garden.

SPRING HILL 18; LOYOLA 9

The initial conflict with the Loyola squad was largely a hitting spree on the part of both nincs, Spring Hill getting a total of 16 safe hits. Petrovits had a perfect day at the plate, with a homer and three singles out of four times up. The Hillians put the game away in the fifth session, when they piled up nine runs. Poor fielding on the part of the Loyolans was probably a factor in the Hillian's victory, for the Crescent City players miscued ten time during the game. A sudden downpour of driving rain in the seventh frame put an untimely end to play for the day.

SPRING HILL 8; LOYOLA 6

The baseball curtain was rung down on the 1929 season when the Badgers took the second straight game from the invading Loyola Wolves, the two rookie pitchers, Kaufman and Glover, holding the visiting bats to but four hits. Zieman led the attack on the opposing hurler, garnering three safe smacks out of four. McCarthy lengthened his home run record by contributing a long Ruthian wallop to the day's play, while Petrovits and Delmas also connected for four bases.

Truly a successful season, six victories out of eight. And next year there should be even greater things in store for the purple and white diamonders. Four of the veterans will be missed from the line-up when spring practice commences in 1930: Delmas, stalwart first sacker; Petrovits, noteworthy third baseman who has held down a regular berth on the varsity during four stormy seasons; Shortstop "Cocky" Roach, captain of the nine; and McCormick, heady and sure catcher.

But this year's Frosh squad will yield a fruitful crop of star material for Coach "Barb" Daly to build into another of the crack baseball teams for which Spring Hill is famous!

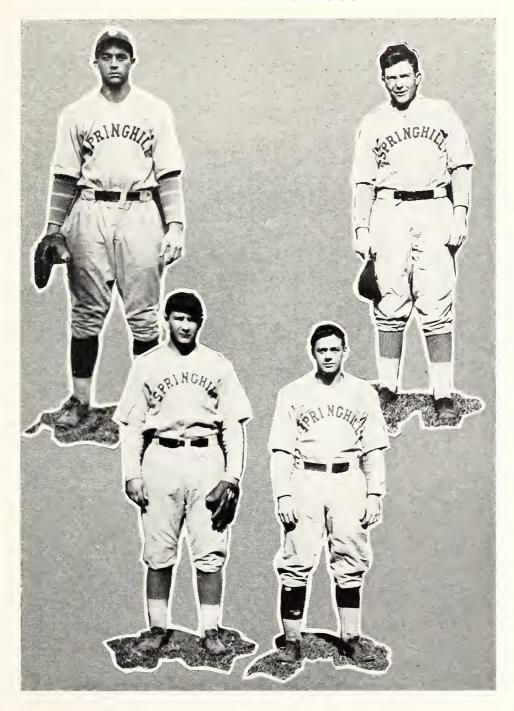

FRESHMAN BASEBALL

FRESHMAN BASEBALL

FRESHMAN BASEBALL

HIGH SCHOOL FOOTBALL

Mr. Frank Reese, Coach

Mr. A. Henry. S. J., Faculty Director of Athletics

The Baby Badgers of Spring Hill High School closed a successful grid season with a well earned victory over the Pensacola High eleven, a leading contender for the west Florida football championship, giving the Reesemen a total of seven victories, one defeat and one tie for the current grid year. They accumulated a total of 209 points to their opponents 83 points. This win gave the Baby Hillsters a claim to the mythical west Florida state championship. But other laurels have also been won. The purple and white clad footballers defeated the strong Jesuit Hi' squad of New Orleans, who played the Warren Easton aggregation to a 14-14 tie for the Crescent City championship. Warren Easton is also one of the leaders in the Louisiana state grid tournament. The Hillians, therefore, have a claim to gridiron glory in Louisiana. They can also lay claim to the Catholic championship of the South.

In Mobile, the S. H. warriors defeated U. M. S., 52-13. but lost to Murphy Hi' 26-0. In the city affair the Hillians are in a tie for the city championship.

In the first game of the season, a green and inexperienced Reese eleven faced the light but compact Bay Minette squad, the game ending in a 6-6 deadlock. After two weeks the Badgers came back to swamp Foley, 40-6. A victory over Atmore came next, 13-7. Then Citronelle was swept aside under a deluge of Hillian points, score 58-0. But breakers in the form of Murphy Hi eleven upset the purple and white football bark and turned the Reesemen in a hard fought battle. However, the team reorganized its forces and defeated the Jesuit Blue Jays, 19-13. Victories over Wright's and Pascagoula, the latter in a 13-6 struggle followed. Then after a week and a half of strenuous practice the gridsters from the Hill won the final contest of the 1928 season from the Pensacola Tigers in one of the best games of football ever seen in that city. Incidentally, this was the first defeat of the season for the strong Pensacola aggregation.

John Neel, Football Captain

Jeff Landry,
Manager

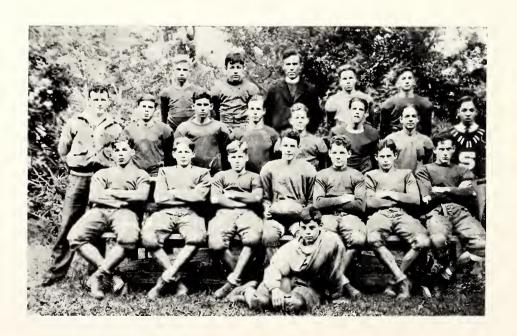

JUNEBUG FOOTBALL

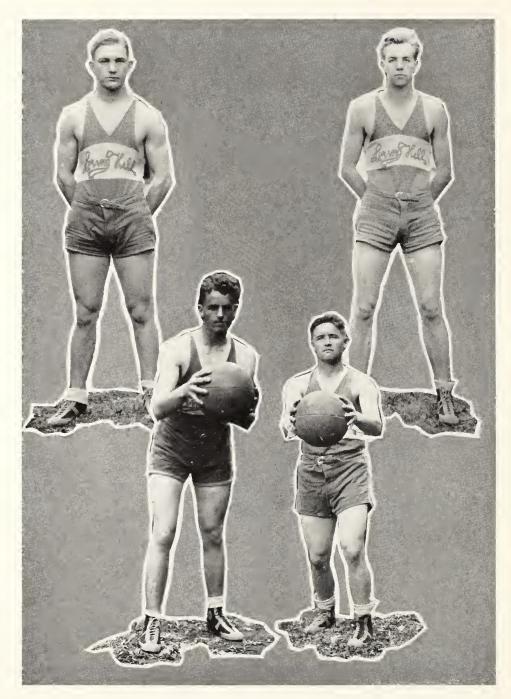

The Junebugs Football team, whose members are not heavy enough for the Varsity team, came thru with quite a successful season. Many games were played throughout the season and Junebugs came out about even with their opponents in games lost and won. Their success can be attributed to the fact that they were under the coaching of Rev. Leo Garvey, S. J., who proved his ability in every way in making out of an inexperienced team a human machine perfectly timed. Most of the Junebugs games were played on the college Maxon Field. The others were played on different gridirons of Mobile. The contests were always enthusiastically witnessed by a large gathering who took great interest in these future college football men of Spring Hill The season was brought to a close with a victory against Cathedral. Members of the Junebugs hope to report in earnest for varsity football next autumn.

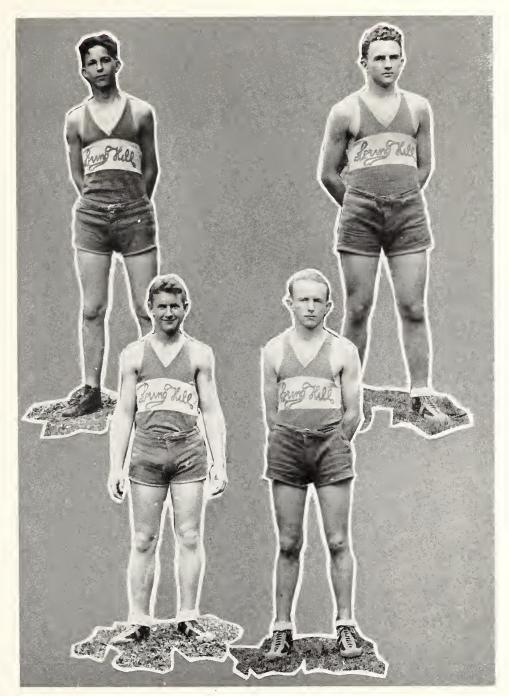

The Baby Badgers of Spring Hill Hi', closed the basketball season, by losing to the tough five of Bayou la Batre to the tune of 25-15. The Reesemen quintet started the season off with Hope Haven of New Orleans, score 42-22. In their second game, Foley came up at the last minute with a 33-29 score, but in the next fracas the Hillians trounced Bayou la Batre by 74-23. The Badgers lost to Biloxi in the last few minutes by the score of 18-14. Citronelle was our next

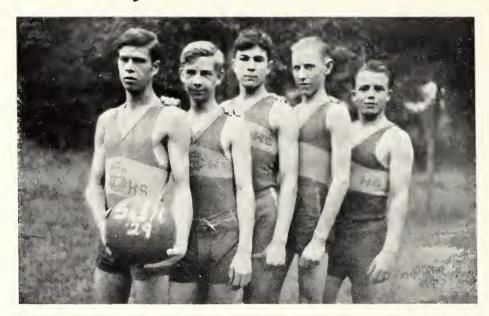

victim, by 34-21, and later on we took them into camp again 11 to 10. Foley came through with the goods 52-42. Again we tried a rally but lost to Pensacola, 31-22. Biloxi again, proved too strong, score 22-14. Bay Minette was our next victim, 20-16. Pensacola nosed us out 25-24, but that was one of the best games played on the Spring Hill court in a long time. The winning point came just before the whistle blew. We had a total of 349 points to our opponents 341.

JUNEBUG BASKETBALL

The Junebugs baskethall team of Spring Hill High School, a five made up of basketeers The Junebugs baskethall team of Spring Hill High School, a five made up of basketeers too light for the varsity quintet, in completing their 1929 schedule, brought to a close one of the most successful seasons ever experienced by this high school aggregation. This year's Junebugs was without a doubt, one of the best Junior teams in and around Mobile. Under the tutelage of Rev. Leo Garvey, S. J., a prefect of the Hill institution, they developed a powerful offensive and defensive organization averaging 28 points per game for the season and accumulating a total of three hundred and thirty-six points for their entire court season. Their defensive tactics made it extremely difficult for opposing quintets to ring up any great number of goals. Their competitors succeeding in averaging thirteen tallies a contest for a total of one hundred and sixty-two points the entire season.

Record of the Purple and White Junior Baskeetoers:

Junebugs	34	S. H. C. H. C.	7
		S. H. Athletics	7
Junebugs	25	Gov't Street Loop	9
Junelugs	34	.S. H. Athletics	10

MIDGET BASKETBALL

The Midget Basketball quintet made up of members too light for the other teams of the High School made a fine showing throughout the whole season. In nearly every game played they were handicapped in both weight and experience. It was cuite a difficult problem to find teams in their class owing to the fac' that they were so light. They played Cathedral Midgets, the High School Junebugs, Ashland Place, Dauphin St. Quintet, McGill Midgets and Gov't St. Loop. Under the able tutelage of Rev. Fr. Richard Needham, S. J., their coach, the squad started out with but two veterans.

By the end of the season Rev. It. Needham, S. L. had turned out a very sylendid little.

By the end of the season Rev. Fr. Needham, S. J., had turned out a very splendid little

team which proved formidable to its opponents.
"Doc" Glynn, the manager, also deserves credit for the team's success. He saw to it that the youngsters were well equipped; he ably arranged their games, and proved in every way a great help to the team.

way a great neit to the team.

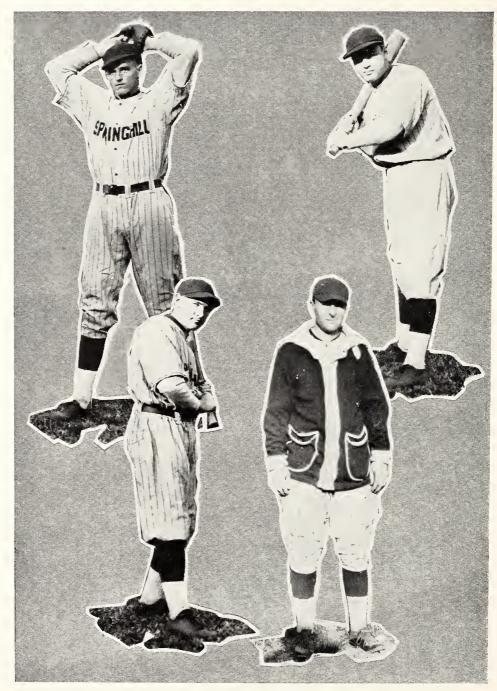

The members of the squad are: Rev. Fr. Needham, S. J., Coach; "Doe" Glynn, Manager;
De la Hoz; Herbert Kelly: Earl Kenney; George Ruptier; Jose Cazellas; Stanley Douville;
Harry Bogue; Reason Hilbard; Halpen Nalty; Everett Gares; Richard Woolley and Joseph

HIGH SCHOOL BASE BALL

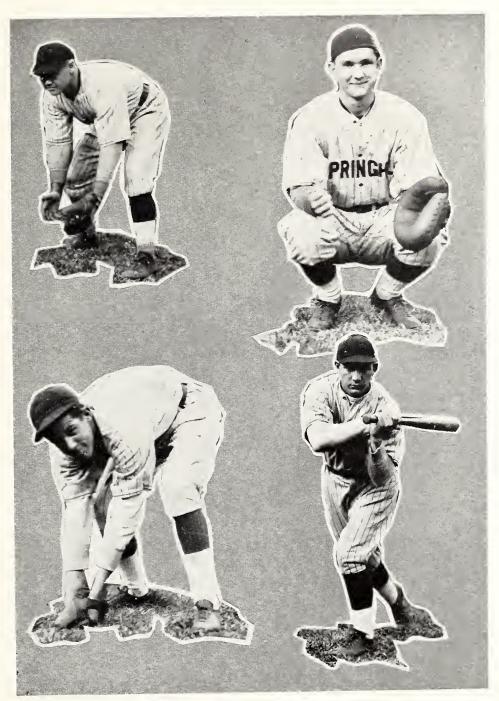

The first game of the season was played with Wrights Cadets. It was a very weird game, the Hillians losing on errors, 14-12. Murphy Hi' was next on the program. Spring Hill won 10-2. The scores were as follows:

S. H.—14 Wrights—12 S. H.—5 G.C.M.—2 S. H.—9 G.C.M.A.—5

S. H2 S. H13		S. H12 S. H10	Murphy Hi' 2
S. H9	Wrights 6	S. H 5 McGills 3	Murphy Hi' 6

ORGANIZATIONS

The Corsair Staff

Mr. John Toomey, S. J., Faculty Director

L. B. Gremillion, Editor

The student body has entrusted to the Editors of the Corsair the conservation of memories that are perhaps among the most cherished in life, and the Editors realize to the full the grave responsibility that has been theirs. Much credit for the production of this year's Corsair is due to George Twellmeyer, Frank Lott, Gordon McHardy, Alfred Dyer and Birney Voorhies.

The constant endeavor in the production of the 1929 Corsair has been to mirror the Spring Hill of 1929; to reflect faithfully campus life with all its variegated student activities, and to bequeath to each undergraduate and graduate at the year's end an unfading picture of his 1929 school days in the old hallowed walls he loves so well.

We have striven to snatch scenes and tales and historic incidents of the year, and to clothe them with enduring life, so that the joyous school days of 1929 may be again stirred to throbbing reality by the merest glance at these pages, and happy memories may once more through greying heads in the long years before us.

S. Impastato, Advertising Manager

AVERY COLE,
Business Manager

The Springhillian

E. DAY STEWART, Editor

FR. CHARLES J. QUIRK, S. J., Faculty Director

The Springhillian is the official Spring Hill College paper, issued every month. This collection of news does more than the average college paper—for besides carrying the scholastic, sport, and extra-curricular activities, the Springhillian delves into spheres untouched by many college papers when it devotes space to the literary and poetic minds of Spring Hill students.

The staff is composed of students and every issue pays tribute to their work. Fr. Quirk, a noted poet and Professor of English and Drama in the college, is the Faculty Advisor. Under his careful guidance the paper has grown, has made more close the union between faculty and students and bound the Alumni more closely to their Alma Mater.

STUDENT COUNCIL

THE NEWS BUREAU

Mr. John Toomey, S. J., Faculty Director

The News Bureau was organized September, 1927, by Mr. J. A. Toomey, S. J., for the purpose of keeping the public thoroughly acquainted with Spring Hill activities. Members of the organization include: J. A. Toomey, S. J., Moderator; Victor Lott, Robert Daly, George Twellmeyer, Jack Schwab and Frank Lott.

Portier Literary Society

John Curren,

President

Mr. Dennis A. Curren, S. J. Faculty Director

The Portier Literary Society, one of the most active societies in the College, is named in memory of the learned and saintly prelate, the Rt. Rev. Michael Portier, D. D., first bishop of Mobile, who founded the College in 1830.

The society holds weekly meetings at which the members engage in both literary exercises and spirited debates. Plays and other forms of entertainment are also staged by the society during the year.

During the past year an extended schedule of debates was held, beginning in October and continuing through the greatest part of the year. In May, the society staged in a very creditable manner in a downtown theatre, the side-splitting, three-act comedy, entitled: "Who's Who." A large and appreciative audience accorded the play an enthusiastic welcome.

Prof. L. H. Van Cura, Moderator

The Mendel Biological Society

Isadore Dyer,

President

The Mendel Biological Society was founded in 1921 and has for its members those who are biological students as well as those who are anticipating the study of medicine. As a society it enjoys the largest membership of any in the college.

The past year's meetings were some of the most interesting ever enjoyed by the society, as through the efforts of Professor Van Cura, its moderator, many eminent Mobile physicians honored the Society by practical lectures on subjects pertaining to Biology. These lectures proved to be both interesting and instructive.

The "Mendelian," monthly publication of the Society, is the only college paper that treats of biological subjects exclusively. It has a tremendous circulation in comparison to the size of the society, covering nearly every state in the union and several foreign countries each month.

John Curren Chancellor

Omicron Sigma Fraternity

Isadore Dyer,
Secretary

This organization holds the unusual distinction of being the oldest fraternal society at the school. It was founded in a most unique manner. Back in '15, three prominent members of the student body banded together and signified their relationship with huge tin cans attached to their coat lapels. This symbol attracted much attention and curious eyes were cast upon the association. Popularity extended the little band and upon conformity to certain requirements new members were granted the privilege of brotherhood. This was the cradle of the fraternity. A charter was drawn, by-laws added, and name adopted. Then it was officially recognized by the faculty.

The purpose of the Omicron Sigma is to promote a fraternal spirit among the student body and lend its aid to movements sanctioned by school authorities. In the past, it has led organized approach to all activities at the Hill, and enthusiastically endorsed the student affairs. Annually the fraternity sponsors a medal which is awarded, by student vote, to the man who has done most for Spring Hill in that year.

Although the requirements for membership are purely fraternal, its members are active in all branches of scholastic endeavor, and are well represented on the field of sports.

The society entertains at their annual mid-term and commencement dances. These are formally given in Mobile and present occasion for the return of alumni to the campus. Success has descended on the fraternity socially, for all its affairs have been literal triumphs.

The Corsair Staff unites in heartily congratulating the Omicron Sigma upon its noteworthy contributions to student activities, and the solidity of its good will, the direction and promotion of student activities and upon the splendid spirit of cooperation and zeal it has at all times manifested.

HARRY C. PIEROTTI, Chancellor

Phi Omega

T. Dugas, Vice-Chancellor

Traditions and precedents have a somewhat uncanny habit of being broken and at a time when they seem to be in strongest possession. For years Spring Hill was the home of but a single fraternity and it seemed that to all intents and purposes this situation would continue. Progressive and spirited students, however, are not respecters of precedent and when a small group realized that if Spring Hill was to flourish and perfect itself, more energetic efforts had to be exerted by those who had Alma Mater's interests at heart, they pledged themselves in bonds of brotherhood and cooperation to bend all their energies to the attainment of so desirable a goal. A single fraternity could not carry on the work, increased in the course of years, with the measure of success that the school merited and that this spirited group desired. A new frat was deemed necessary and a new frat was organized. With the full permission and sanction of the trustees and faculty of the college, Phi Omega fraternity began its career in the early part of last year. Its ideal was a noble one: the advancement of fraternity life at Spring Hill with a consequent spirit of union and good fellowship that helps so much in the enhancement of that spirit for which Spring Hill is famous. In its charter it set itself a high purpose and intention: To further at all times the ends and principles of Spring Hill College and to be leaders whenever possible in all school activities especially where the good of the school was concerned. Cooperation was to be the means to be used. The first year of the fraternity's existence promises much for its future success in the task it has set itself. The members have been prominent in athletics and scholastic activities with this characteristic that the success of the individual has never been subordinated to the success of the team or the school.

The Corsair Staff unites in heartily congratulating the Phi Omega upon its noteworthy contributions to student activities and the solidity of its good will, the direction and promotion of student activities and upon the splendid spirit of cooperation and zeal it has at all times manifested.

REV. RONALD A. MACDONALD,

Moderator

College Sodality

Wm. G. Hewes, Prefect

Spring Hill College Sodality has had another very successful year under the able direction of Father Ronald MacDonald, S. J. It has always been a part of the College tradition that an intense and lively interest be taken in the Sodality, and for it to be one of the outstanding societies of the College. The Sodality is the power and influence for noble and high ideals among the student body. For this reason it is altogether befitting that it should be under the patronage of the most Blessed and Immaculate Mother of God.

Great strides have been made this year, the membership has increased very much, and there has been a large and regular attendance at the weekly meetings. Usually the Little Office of the Immaculate Conception is first recited; then the Reverend Moderator gives a short instructive talk on some dogma or subject pertinent to the Sodality. Things of the Church generally misinterpreted by non-Catholics have been thoroughly explained, as it is part of the sodalist's duty to be able to do missionary work by defending the Church whenever she is attacked.

Among other charitable works done this year was the institution of collections for the foreign missions. These collections have been taken up each Sunday at the students' Mass. In this manner quite a large sum of money was collected for this noble purpose.

Mr. Henry Tiblier, S. J.,
Faculty Director

The Choir

Jos. Martin, President

Three times out of the week and on any of the special feast days the work of this organization may be appreciated. Whether it is solo, ensemble, or chant that is sung, their performance is of uniform quality. The director has had much to do with bringing it to its present state of proficiency and in establishing the degree of quality to which its work attains. At low mass, the standard hymns are principally used, and the early liturgical chants, some of which date as far back as the centuries preceding the time of Charlemagne. On more solemn occasions the complete masses of the classic and modern composers are sung; and one of the choir's most effective performances has been given in its rendition of the Mass in honor of St. Stanislaus Kostka, the work of the Spring Hill teacher and organist, Professor A. J. Staub. This body, for such services as those in Holy Week, has also sung that most difficult form of concerted vocal music—a Cappello.

WM. G. HEWES, President

Mississippi Club

MILTON DELMAS, Vice-President

Organized in the Autumn of '28, the first State Club to appear on the Spring Hill Campus, the Mississippi Club has met with phenomenal success in its initial year. The active cooperation of all its members, a pervading spirit of good fellowship, and a most unselfish object, have done everything to insure success in future years. With its ideal, the union of all its members in their love for Spring Hill and the Magnolia State, the inculcation of the true spirit of Spring Hill men in the hearts of all, the promotion of scholastic and athletic endeavors, the Mississippi Club has met with the approval and has earned the esteem of student body and faculty alike.

It is to be sincerely hoped that the work, so well begun, will be as ably continued and will prove but the seed of a state-wide union of Spring Hill's Mississippi Alumni, acting in cooperation with and fostering the Mississippi Club of Spring Hill.

Mr. John Gasson, S. J., *Moderator*

St. John Berchman's Sanctuary Society

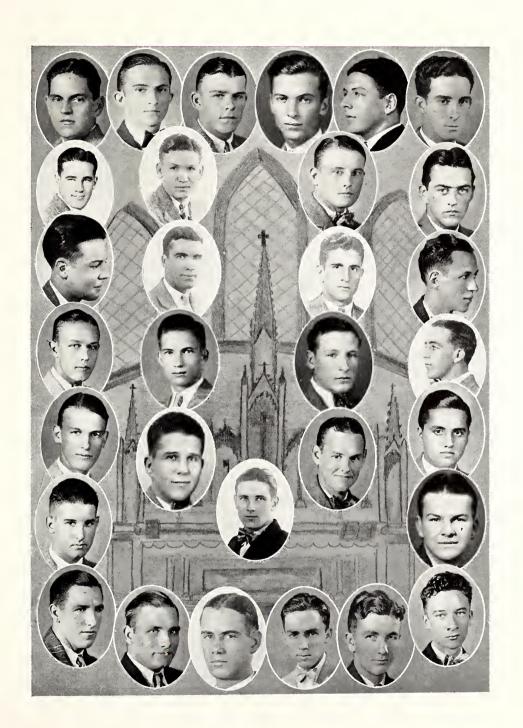

JOHN CURREN, President

Until this year a Sanctuary Society has seemed the exclusive function of the High School department but this year the St. John Berchman's Sanctuary was organized in the College to afford those who so wished an opportunity of a closer assistance of the priest in the Holy Sacrifice. The society has the further purpose of inculcating a deeper knowledge and fuller love of the Holy Sacrifice and in so doing of making the Mass and the Tabernacle the center of the college student's Day. As is the case with other incipient bodies the Sanctuary Society has not fully overcome native inertia but the spirit shown by the most faithful members in sacrificing themselves augurs well for the future.

Short Story Society

E. Day Stewart, President

REV. CHAS. J. QUIRK, S. J., Moderator

The Short Story Society was organized by Father Quirk, S. J., in 1926, with the membership limited to twelve. The purpose of the society is to study in its bi-monthly meetings the great short story masters of the world. Both the merit of the plot structure and the excellence of the style are taken into consideration. The technique of this form of literary expression has been studied carefully with the view of having the individual members produce original stories; one of the requirements for admission is for the candidate to submit a story acceptable to the society. Through these means it is hoped to obtain an appreciation of what is good and noble in literature, and the ability to distinguish between what is ephemeral and what is lasting.

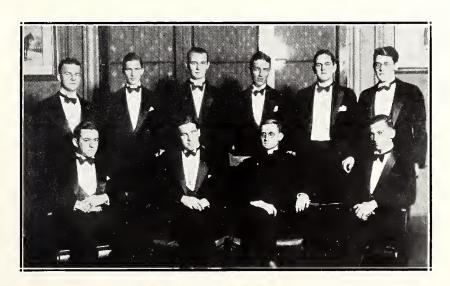

REV. CHAS. J. QUIRK, S. J. Moderator

POETRY SOCIETY

John Cronin, President

The purpose of this group is to gain a genuine appreciation for true poetry—both classic and modern. The membership is limited to twelve. The only requisite demanded of a potential member is a sincere appreciation of the art. This is vitally necessary to insure success. The meetings have proved to be not only a real pleasure but a novel and charming method of acquiring knowledge of poetry.

Members are: John Cronin, President; Edward Day Stewart, Vice-President; Raymond E. Kennedy, Secretary; Gerard J. Ducote, Treasurer; Geo. Twellmeyer; Francis J. Gremillion; Jacques E. Douville; John F. Fox, Jr.; Chas. L. Gambel, Isadore Dyer; George Gordon McHardy; Charles D. Wambsgans.

HIGH SCHOOL ORGANIZATIONS

Rev. Ronald A. MacDonald, S. J., *Moderator*

High School Sodality

Alfred Nacol,

Prefect

The Sodality of the Blessed Virgin Mary has long exercised a most edifying and beneficial influence throughout its history at Spring Hill High School.

Its institution and manifold traditions, which have been handed down through the many years of its existence within the age-old walls of Spring Hill, have been kept unsullied in spite of many difficulties along the way.

The purpose of this Society is to attain to a more precise and finished knowledge of the pure, tender and loving nature of the Virgin Mary and to accord to her a more profound reverence and devotion.

The existence of the Sodality of '29 is drawing to a close, and many of its members must now retire from the ranks of the active society. The parting is difficult and the road still to travel is long. But these graduating members have solace that will soothe their pain on the long arduous journey. They will be consoled by the thought that through all their years as Sodalists they have labored to attain the dominating characteristics of the society, to turn towards the more beautiful things of earth and to achieve a more perfect love for the things of heaven. Their strivings have been watched with admiration and entire approval, not only by the faculties of Spring Hill, but by the Virgin Mary, the Mother of God, whose tender grace and loving sympathy will remain with them for the rest of their short hour upon the stage of life and return with them to God, Who is their enduring Home.

Mr. Henry Tiblier, S. J., Faculty Director

Yenni Literary Society

JOHN NEEL, President

The Yenni Literary is the oldest and most select of the High School societies. Its enrollment is limited to twenty members, taken from the Senior and Junior classes. There are three representatives allowed from the Juniors in order to facilitate operation of the society during the following year.

The president for 1928-29 is John Neel, from Tampa, Fla., Howard Douville, Mobile, Ala., is vice-president; J. Tonsmeire of Mobile is secretary and treasurer. "The Tailor-Made Man" was indeed a great success, taxing the large auditorium of Bishop Toolen High School to its utmost capacity. As the school term of 1929 closes, so also closes one of the Yenni Literary Society's most successful years.

Mr. Warren Martin, S. J., Faculty Director

St. John Berchman's Sanctuary Society

Fred Litchliter,

President

The members of the St. John Berchman's Sanctuary Society have always been acclaimed as the pick of the student body at Spring Hill High School.

Theirs is a very great honor. To assist the priest in his holy duties at Mass was at one time reserved to the men who had previously received the Minor Orders of the Priesthood, that is the Tonsure, Porter, Lector, and Acolyte. The Acolytes in the earlier days of the church were the only ones allowed to assist the priest in the administration of his duty.

During the year of 1928-1929, the Sanctuary Society has been quite successful.

Their annual picnic across the Bay at Battles was replete with thrills for all. There were games of various kinds, boating and swimming being enjoyed by those present.

The faithful adherence to duty was due chiefly to the able leadership of Mr. Warren Martin, S. J., assisted by F. F. Litchliter, President; Alfred Nacol, Secretary-Treasurer.

To the Faculty and Student Body Spring Hill College Spring Hill, Ala.

Gentlemen:

We wish to extend our hearty congratulations to the Student Body, the Faculty, and particularly to the "Corsair" staff and the Faculty Adviser, on this splendid book.

It has indeed been a pleasure to carry out the part we have had in its production and we desire to express our appreciation of the intelligent and whole-hearted cooperation we have received from everyone connected with the "Corsair" in 1929.

Sincerely yours,
